Course Handbook Version 7 - © DAFNE 2008

Disclaimer:

The DAFNE Course Handbook was developed with the sole purpose of providing supporting material to accompany information given to individuals completing a 5-day DAFNE structured education course. These 5-day courses are delivered by appropriately trained and certified DAFNE Educators.

The DAFNE Course Handbook is not a stand-alone information source and should not be used by any individual who has not completed a 5-day DAFNE course or for any other purpose than that for which it was developed.

The DAFNE Course Handbook is not intended to provide or replace and personal medical advice provided by a healthcare professional.

The DAFNE Programme and DAFNE Online assume no responsibility or liability for any injury, loss, damage or expense that may be caused by any action, or lack of action, that may be taken as a result of reading the DAFNE Course Handbook.

News – All the latest DAFNE news.

News

Below is the latest news from DAFNE Online - including stories related to the website, the DAFNE Course, and Type 1 Diabetes in general. If you feel you have a noteworthy news item, please [contact us here](#).

Mobile version expanded

By [marke](#) on May 22, 2009 9:50pm [Edit](#) | [Delete](#)

In case you have not noticed, the mobile version of the site has now been 'upgraded'. It now includes the DAFNE handbook and the forums. Can anyone with a mobile that has internet access try accessing it and let us know about any problems. We can then work on fixing them to provide the best service possible via mobile as well as normal PC.

DAFNE Online now mobile

By [Simon](#) on Apr 20, 2009 6:48pm [Edit](#) | [Delete](#)

You can now access DAFNE Online via your mobile device! Currently this is a cut-down version of the site, with access only to the Carbohydrate Counting and BG Diary parts of the normal site, but formatted nicely for the small screen. Point your mobile browser at www.dafneonline.co.uk to see the mobile login screen.

Please use the [mobile forum](#) to provide feedback on the mobile site, and request new features.

DAFNE in Peril

By [marke](#) on Apr 2, 2009 1:21pm [Edit](#) | [Delete](#)

We have heard today that the Wirral PCT are intending to withdraw funding for DAFNE at Arrowe Park and are forcing the DAFNE educators there to cancel **all** planned courses.

This is totally unacceptable and if you can put us in touch with any people in this PCT's area who can help by complaining to the PCT, please post in the **General Discussion** forum under the [DAFNE in Peril Topic](#).

Mobile Version -- All of the above features formatted for and available on mobile devices such as mobile phones and PDA's, giving you access wherever in the world you are.
